Applicant's representative (Chris Maiorana, Reg. No. 42,829) and Examiner Hu held a telephone interview on December 14, 2011. Proposed amendments to the claims were discussed. An agreement was reached that the proposed amendments, if filed along with the next response, would overcome the rejections of record. Examiner Hu agreed that a new search would be performed. It was also agreed that if such amendments were filed along with an RCE, that the next response by the Patent Office would be either a Notice of Allowance or a non-final Office Action. The present amendment incorporates the proposals discussed.
